Warranty Exchange Policy

When an item is returned under warranty for exchange of the same product the warranty will continue from the date of the original purchase.

For example, a customer purchases this item in January 2006 with a one year warranty, thus the warranty expires February 2007. If LEM replaces the unit in Dec 2006, the customer will have the only the remaining part of the 1 year warranty on the replacement item. The warranty is not extended to a new, full one year because it is a new unit.
